Answers to the Enquiries

Competition for redevelopment ideas for the Napoleonstadel - Carinthia's House of Architecture

Keyword: Area to be planned and boundaries of the site
The whole of the surrounding area is to be taken into consideration. In particular, because of the proximity of the road, the main focus is to be directed towards the south, in the direction of the park.

Keyword: Who is allowed to enter the competition?
All architects and artists may enter the competition, without any further restriction.

Keyword: Roof extension
A contemporary solution, which is appropriate and sensitive to the conservation requirements, is conceivable.

Keyword: Plants and planting
The main existing tree population is to be retained.

Keyword: Access for the Disabled
Structural considerations for access without hindrance to all levels is to be taken into account.

Keyword: Designation of space/rooms
ZV means the space is for the use of the Central Association of Architects.

Keyword: Spatial connections or combinations
Offices should be arranged in pairs (2 + 2), with one office leading to another "corridor office" a possibility.

Keyword: Language of the Competition
The competition will be conducted in German, with English also accepted.

Keyword: Facade
A conceptual examination of the theme of the facade - forward-looking and innovative, yet appropriate to the location and and to conservation requirements - is expected.

Keyword: Corporate Identity
May be taken into consideration

Keyword: "Air Space" in the exhibition hall
Must be retained.

Key word: new openings
The preference of the conservation authority is for the present openings be used. Adaptations of the same, for example as display cases, are conceivable.
